Integrations		

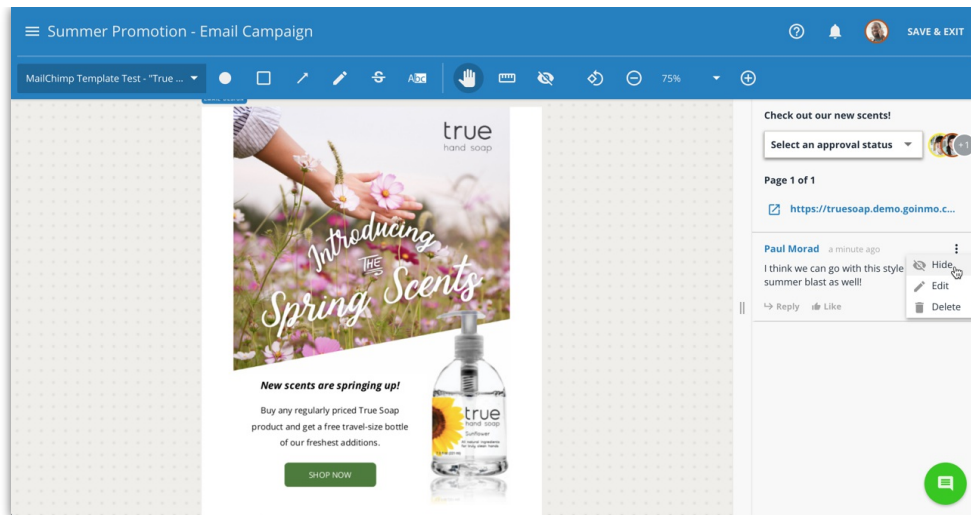

- Non-essential or optional reviewers that have not submitted their review will now be [notified](https://guide-ignite.inmotionnow.com/help/notifications#stakeholder-notifications) (<https://guide-ignite.inmotionnow.com/help/notifications#stakeholder-notifications>) when the route proceeds without their feedback

Your feedback is no longer needed in the review of Copy- Drip campaign for shopping cart dropoffs. Click below to view any pending reviews that still require your feedback.

[See Pending Reviews](#)

- The **Hide and Unhide Comments** permission now allows users to [unhide comments](https://guide-ignite.inmotionnow.com/help/collaborating-during-a-review#hiding-comments) (<https://guide-ignite.inmotionnow.com/help/collaborating-during-a-review#hiding-comments>) when the review is in any state - including active or completed

- Accounts using the [Mixed SSO authentication method](https://lytho.knowledgeowl.com/help/user-authentication) (<https://lytho.knowledgeowl.com/help/user-authentication>) can now change user email addresses
