Improvements

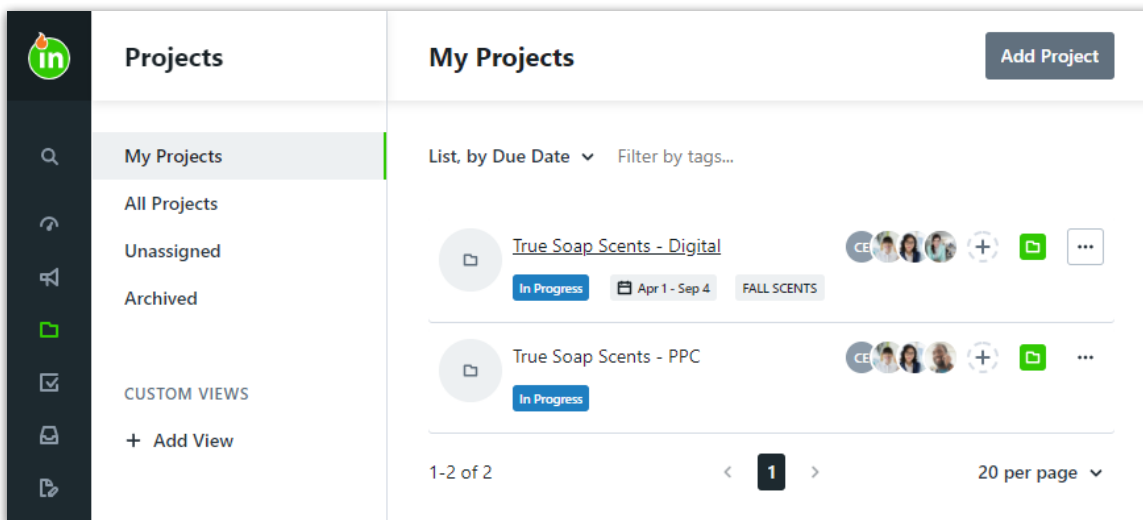

My Reviews

It's a win/win: the My Reviews list has a fresh new look AND now boasts direct access to the related projects you have permission to see, providing a full sense of scope as you complete your review!

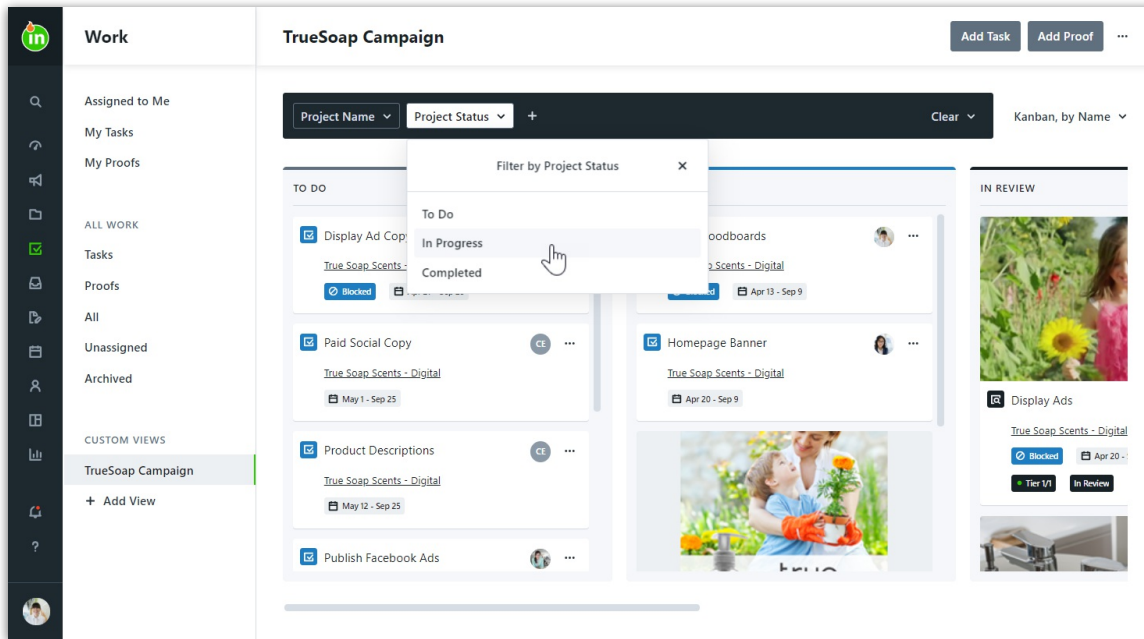

Campaign & Project List View Improvements

Do you live in list views? Now it's even easier to view Campaign and Project lists on smaller screens. In addition, you can access any related campaigns directly from Project lists!

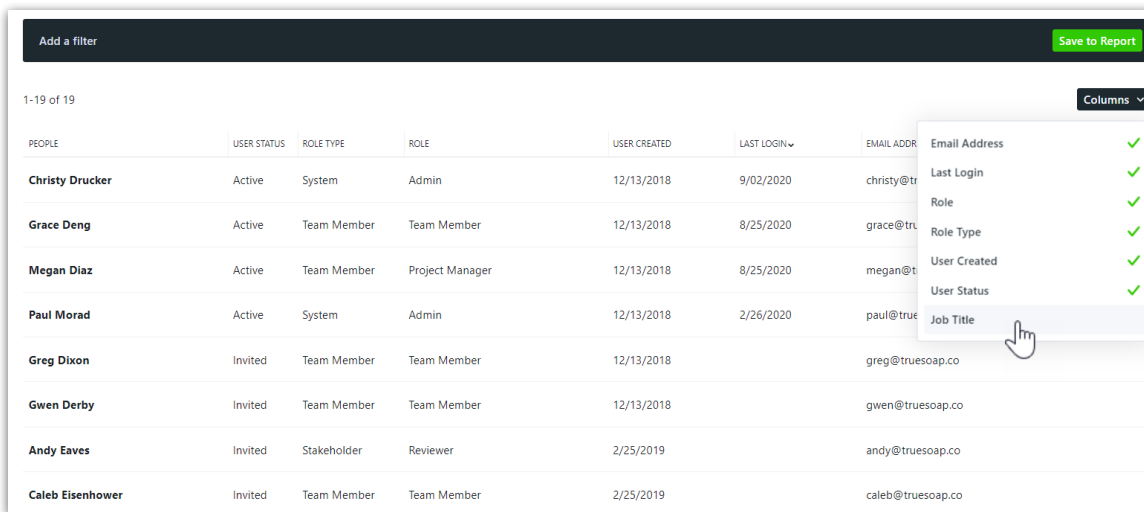

New Ways to Filter Work

You can now filter Work custom views and reports by Project Status.

Additional Reporting Capabilities

You can now pull in a new column to the Users report; Job Title. You can update or add your job title in [Personal Settings](https://guide-ignite.inmotionnow.com/help/profile-management) (<https://guide-ignite.inmotionnow.com/help/profile-management>).

Additional Notification Options

Get even more precise control over your team's default notification settings with the work-specific options now available in Account Settings > Roles > Notifications.

Team Member

Project Manager Close 

User is assigned all permissions related to project and task management. User is generally responsible for project oversight, work request traffic, and new work creation. Common job titles might be: Project Manager, Traffic Coordinator, or Art Director.
