

Release Notes - February 21, 2022

Published on 06/29/2022

Improvements

View More in My Reviews

See critical information at-a-glance! My Reviews will now display your review status, if a review is optional for you, and if you have been skipped.

The screenshot displays a user's review dashboard. It is divided into two main sections: 'TO DO' and 'IN REVIEW BY OTHERS'. Each section lists review items with their status, version, and due date. The 'TO DO' section includes 'Graphics Review' (To Do, Feb 2) and 'Spring 2022 Email Blast' (To Do, Feb 14). The 'IN REVIEW BY OTHERS' section includes 'Create approval' (In Review By Others, Version 3, Feb 24, 2021) and 'True Soap email blast' (In Review By Others, Version 2, Jan 14, 2021). The 'Spring 2022 Email Blast' item has a note: 'Reviewing this proof is optional'. The 'Create approval' item has a note: 'You were skipped'. The 'True Soap email blast' item has a note: 'You submitted: Approved With Changes'.

Section	Item	Status	Version	Due Date	Notes
TO DO	Graphics Review	To Do		Feb 2	
	Spring 2022 Email Blast	To Do		Feb 14	Reviewing this proof is optional
IN REVIEW BY OTHERS	Create approval	In Review By Others	Version 3	Feb 24, 2021	You were skipped
	True Soap email blast	In Review By Others	Version 2	Jan 14, 2021	You submitted: Approved With Changes

More Transparency with Requester Insights*

A new option, [Show Work Item Number](https://guide-ignite.inmotionnow.com/help/requester-insights#share-associated-work-number%C2%A0) (<https://guide-ignite.inmotionnow.com/help/requester-insights#share-associated-work-number%C2%A0>), is now available for Requester Insights allowing your requesters to see auto-generated numbers assigned to the associated work. Head over to Features in Account Settings to enable!

☒
Requester Insights

Allow requesters to see read-only information about the work being done for their requests. When enabled, requesters will be able to see the name, start date, due date, and status of the work being completed for each request.

Close

☒
Share Associated Work Assignees

Allow request stakeholders to see which Team Members are assigned to the associated work.

☒
Share Associated Work Number

Allow request stakeholders to see the auto-generated number assigned to the associated work.

**Available Only to Business & Enterprise Customers*

Improving The Way You Automate

- Route templates that are used in project templates will now automatically update if the route template has been updated.
- Priority is now an available data type for project auto-naming

Quality of Life Improvements

- The Email Timezone setting has moved to the My Profile page and copy has been updated to **Timezone for Emails and Exports**.
- Statuses and custom Fields will now show which items they are applicable to with a badge, making this information accessible without having to open individual items.

Feeling nostalgic? Here's what we released...

- **Six months ago: Access Profiles from Users Reports** (<https://guide-ignite.inmotionnow.com/help/release-notes-8-2-2021>)
- **One year ago: Restart Your Auto-Naming Sequence** (<https://guide-ignite.inmotionnow.com/help/release-notes-2-22-2021>)
- **Eighteen months ago: Improved Notifications** (<https://guide-ignite.inmotionnow.com/help/release-notes-7-27-2020>)
- **Two years ago: Custom Field Enhancements** (<https://guide-ignite.inmotionnow.com/help/release-notes-2-24-2020>)
