# Release Notes - June 19, 2023

Published on 06/14/2023

Improvements

Mark Any File as a Deliverable

Streamline asset sharing and collaboration by marking files as deliverables (https://guide.lytho.com/help/managing-files#identifying-a-file-as-a-deliverable%C2%A0) within campaigns, projects, and work items - even when not connected to a specific request. The purple deliverable badge offers a clear visual cue to team members for accessing final files. Additionally, users equipped with Lytho DAM access can now seamlessly upload any file (https://guide.lytho.com/help/managing-files#sending-files-from-workflow-to-dam-) to the DAM with a single click, fostering platform interoperability and eliminating the redundant hassle of downloading and re-uploading files.

Feeling nostalgic? Here's what we released...

- **6 months ago: Define Time Constraints By Review Tier** (https://guide.lytho.com/help/release-notes-wf-148)

- **1 year ago: Easier Date Filtering for Future Time Frames** (https://guide.lytho.com/help/release-notes-wf-132)

- **18 months ago: Plan for Personal Time Off with Availability** (https://guide.lytho.com/help/release-notes-wf-121)

- **2 years ago: Priorities** (https://guide.lytho.com/help/release-notes-6-21-2021)

Have a friend who could benefit from Lytho? Refer them and get a $200 gift card! (https://www.lytho.com/share-the-lytho-love/)
