Improvements

More Control with In-app Notifications

Organize in-app notifications (https://guide.lytho.com/help/notifications) in "Read" or "Unread" tabs to create an interactive to-do list or collection of reminders, helping you keep track of work that needs additional attention.

Feeling nostalgic? Here's what we released...

- **6 months ago: Define Time Constraints By Review Tier** (https://guide.lytho.com/help/release-notes-wf-148)

- **1 year ago: Easier Date Filtering for Future Time Frames** (https://guide.lytho.com/help/release-notes-wf-132)

- **18 months ago: Plan for Personal Time Off with Availability** (https://guide.lytho.com/help/release-notes-wf-121)

- **2 years ago: Priorities** (https://guide.lytho.com/help/release-notes-6-21-2021)
